

1. State zero tolerance policies

Zero tolerance policies:

Zero Tolerance policy is a strict approach where rules & regulations are enforced without any exceptions.

Under this policy, any violation - minor or major results in immediate & predefined punishment. The main objective is to maintain discipline, ensure safety & prevent unacceptable behavior by treating everyone equally.

2. What are the challenges of secular values?

- * Religious conflicts & intolerance make it difficult to treat all religions equally

- * Political misuse of religion can weaken secular principles & create social division.

3. * Helps Individuals avoid negative influences such as bad habits, crime or unhealthy relationships

- * Promote personal growth, discipline & moral development

- * Encourages a positive social environment & better decision making.

4. 1. It ensures equality and fairness by giving everyone equal opportunities regardless of caste, gender, religion or background.

2. It promotes social harmony & unity, reducing conflicts & prejudice.

3. It helps in building an inclusive society where people feel respected & valued.

5. Freedom of Religion is a fundamental right that allows every individual to choose, practice, profess, and propagate any religion of their choice, or to follow none.

It ensures that no person is forced to accept or reject any religion against their will. This freedom promotes religious tolerance, equality, & peaceful co-existence in society.
